“

”

Hongsheng is projecting and manufacturing cooling solutions for several of applications and operational conditions from wheel-loaders to hydraulic-excavators. Hongsheng designs cooling-solutions consisting of single-circuit or multiple-circuit coolers in a compact type of construction, out of high performance components with individual, application-specific optimized design.

火车传动 / Railway Vehicle

Railway radiators encounter severe shock loads with extensive vibration over non-stop operation. Operating site conditions can vary widely over short time spans putting tremendous stress loads on the cooling system. Hongsheng railway radiators have the proven reliability that stands the test of time.

用于火车传动

For railway vehicles

用于压缩机
For compressor

用于液压系统
For hydraulic application

农林机械 / Agricultural & forestry equipment

大巴车 / Bus

用于大巴车

For bus

赛车 / Sports car

用于赛车

For sports car

卡车 / Truck

用于卡车

For truck

发电机组 /Generator

用于发电机组

For generator

风电系统 / Wind power system

用于风电系统

For wind power

深冷设备
